

Teaching is the Core

1. By the end of June 2015, K-12 mathematics teachers will have created common unit assessments for every math unit that can be used to inform instruction and measure students' learning. Each assessment will be written before they are needed this year, and administered this year (2014-15).
2. By the end of June 2015, K-12 ELA teachers will have created common unit assessments for every ELA unit that can be used to inform instruction and measure students' learning. Each assessment will be written before they are needed this year, and administered this year (2014-15).
3. By the end of June 2015, the Science and Social Studies Departments will have created 4 common unit assessments to drive student learning and data driven instruction for the 2105-16 school year.

1. By the end of June 2015, K-12 mathematics teachers will have created common unit assessments for every math unit that can be used to inform instruction and measure students' learning. Each assessment will be written before they are needed this year, and administered this year (2014-15).

**Action Steps:**

- We will discard all old math unit assessments, which were not aligned to the content and rigor of the CCSS or our new math curriculum units.
- We will create new K-12 math unit assessments, which will be aligned both the content and rigor of the CCSS as well as to our new math curriculum units.

Assessment	Start Date	Completion Date
K-12 unit assessments	9/15/14	6/5/15

**People Involved:**

- Teachers
- Administrators
- Assistant Superintendent

**Measurement:**

- Assessments and data pertaining to the administration of the assessments will be in eDoctrina for administrators to view.

2. By the end of June 2015, K-12 ELA teachers will have created common unit assessments for every ELA unit that can be used to inform instruction and measure students' learning. Each assessment will be written before they are needed this year, and administered this year (2014-15).

3. By the end of June 2015, the Science and Social Studies Departments will have created 4 common unit assessments to drive student learning and data driven instruction for the 2105-16 school year.

**Action Steps:**

- Teachers will write common unit assessments aligned to district curriculum and CCLS during common planning time and/or release time (substitutes provided).
- The released items for SED State Assessments will be used to develop question stems and align rigor.
